SUBMITTAL OF FORMAL DRAWINGS
37 CFR § 1.85(c)

In response to the requirement for new drawings as set forth in the Notice to File Missing Parts of Nonprovisional Application issued April 1, 2004 in the above application, there is enclosed herewith one set (6 sheets) of new formal drawings. It is requested that these new drawings be substituted for the originally filed drawings.

Applicant wishes to point out that the original drawings were reviewed by Draftsman Joshua Chase, as well as his supervisor, at the U.S. Patent and Trademark Office Drafting Department on May 27, 2004, and that the original drawings as submitted were deemed acceptable. In order to improve readability, however, it was agreed to enlarge the print and submit replacement drawings.

When the drawing print was enlarged, original Figures 1A-1C became Figures 1A-1F; therefore a Preliminary Amendment requesting entry of this change in figure labeling to the "Description of the Drawings" section of the specification is also submitted herewith.

Respectfully submitted,

Karen M Morse
